

## Parent Meeting Notes 10/8/20

1. Note the Author's visit schedule for Tuesday, October 13th. It affects the times for the 9:30 Tuesday Zooms. The author visit might run until 9:40 so soon as the author visit is over, the Inventors & Designers will log into their regular Zooms.

2. What is going well at home? What procedures or processes have you put into place that are helping your child?

- Shifting the responsibility to my student has made her more self-sufficient.
- We print the schedule out and our child highlights his Zoom calls.
  - The night before he sets out his work and places it on his work space in the order of his activities.
- The timer is really helpful in getting my son to work independently.
- We color-code the activities and he checks off his work with the different colors.
- Set clear boundaries (clear blocks of time) between school and relaxing time. Students need a break for their mental well being.

### Questions answered:

Mindbenders #1 is not due, yet. We will have a due date soon, but it is not set.

If your child is not completing their necessary minutes for Lexia and/ or DreamBox, you will receive an email Monday morning. You can check their progress during the week. In Lexia, it is in the student dashboard. In DreamBox, it is on the opening screen under their name in the top right corner.

They should be completing the total number of minutes **we** assign for DreamBox and Lexia. (Lexia assigns their own goal but we need them to hit 60 minutes weekly.)

We are holding off on setting up parent initiated Zoom "play dates". The After School committee is investigating after school activities. If you are interested in contributing to the conversation, there is a meeting Tuesday, October 13th from 3 - 4 on Ms. Maye's Zoom.

### Upcoming:

Lauren Saunders (Ayla's mom) is collecting goodies towards a "Freaky Fall Gift" that will be passed out on the October 29th pick up. Reach out to her if you would like to contribute!
